

Designated Design Selection

# Wall Exhaust Fan

Enjoy the Fresh Air Purity and Quiet !

## DC Motor Ventilation Fan

Compared with the traditional AC motor ventilation fan, it saves more than 90% energy! Operating 24 hours a day consumes merely 1.7W.

## Moisture & Odor Out! Breathe Fresh

**Airtight Louvers**-Block the stale air from the public pipeline, smoke smell, and keep the odor OUT!

**Strong Vortex Pressure**-Massive air volume accelerates the air exhaustion, discharges indoor moisture and odor quickly.

## User-friendly Design

The dust accumulated on the fan blades after a long time of operating will affect the exhaustion performance. Now you can clean up your fan quickly and easily by opening the panel. Let the ventilation fan works better and faster!

## Lightweight & Stylish

Ultra-small size, minimalist and beautiful, Blend into your home perfectly! A ventilating fan that can be installed without piping space! Easy to install in the bathroom, kitchen, dressing room, shoe cabinet, etc. Make good use of every corner in your space!
